 Code : SHI 214
 Credit Points : 3 Credits, 2nd Year Subject

International Organizations		Lecturer : Ratih Indraswari, MA
Description The international organization became an important actor in international relations in line with the emergence of various problems between nations. As part of international organizations, international intergovernmental organizations (IGOs) and international non-governmental organizations (INGOs) has been dealing with issues as diverse and has built an increasingly strong network to support cooperation among nations. This course gives basic determination, such as: definition, history, role and function, development and organization international urgency of contemporary world politics, challenges, and theoretical approaches that can be used to analyze the non-state actors in international relations.
